Liana and Deanna updated the Committee on what has been booked.

Liana mentioned that we still are in need of the three hotel rooms for the Magician, Hypnotist and Bounce-A-Rama, Michele will look into this. We are still waiting on Casino Bucks to be made by the Grads as well as which characters they would like for the 4 wooden cut outs.

The purpose of the meeting was to set approximate time lines for the activities, Gary and Michele attended to help with the scheduling.

Gary worked on a spread sheet on the computer at the meeting as we drafted the times the activities will be running for, a copy of this will be handed out at the next meeting.

Michele has advised that we will need to confirm with Bounce-A-Rama how many volunteers we will require for the night. We will require a lot of volunteers, 4 hour shifts is what we will be looking for the minimum would be 2 hour shifts. Deanna and Liana have to make sure they do not schedule themselves for much as they need to be there over seeing all the stations.

We will have to have stamps for the stations to control that everyone gets to see the entertainment stations; a volunteer will be required for each entrance to confirm the stamps.

There will be a section for the Grads to park if they are driving their own vehicle, or if they are being driven, after the Grads are dropped off their driver will leave the area right away.
